

BT-SHS-W

Bluetooth Stereo Headset with 3.5mm Phono adapter

INTRODUCTION

Dynamode is pleased to announce an exciting new member of Bluetooth Stereo Headphones for the consumer market.

The BT-SHS-W is a high quality, stylish totally 'wire free' Bluetooth™ Stereo Headset system for both Apple® iPod™, Hi-Fi, MP3 Players and PCs. Featuring integrated controls within the headset itself this allows the user take control of there music including PLAY, FORWARD, REVERSE and PAUSE.

Also included is a universal 3.5mm Phono Jack that simply plugs into any available Sound Out Port such as on Apple® iPod™ and is tastefully designed to blend into the sleek design of these devices.

Totally software independent and easy to use, the BT-SHS-W has a maximum range of 15 metres and offers exceptional sound quality with total freedom!
