

BT-USB-P

Bluetooth® Version 2.0 USB Adapter

Make the right connection.

Looking for a very low price but high-performance Bluetooth® USB adapter for your existing Notebook or Desktop PC? Are you looking to upgrade from your existing Bluetooth® Version 1.1 to the latest Bluetooth® Version 2.0 standards?

Introducing the stylish and compact Dynamode **BT-USB-P** Bluetooth® USB adapter which is an inexpensive alternative solution compared to other vendor products. An integral and powerful antenna allows secure Bluetooth® connection to your existing Mobile Phones, PDAs and other devices of up to 50 metres – over 5x the distance when compared to lesser Bluetooth® devices!

Advanced features not seen at this competitive price point include Mobile HD, controlling Keyboards and Mice from a compatible Bluetooth® device, seamless MS Outlook™ integration with object push and sync, Network Access Point adoption and a host of bundled Windows® Bluesoleil™ software utilities to get the most out of your setup.

Advanced features

Bluetooth® V1.2 and Version 2.0 Compliant

Up to 50 Metres Bluetooth® Wireless range*

Plug n' Play USB2.0 and USB1.0 Complaint

Integral Antenna with reduced Power Consumption
