

LMS01A-2U-2A

2-Port USB Car Charger adapter – for iPad™ and more

Charge your devices on the move.

Do you have a myriad of USB powered devices such as iPad™, Smartphones, GPS or any other USB powered or re-chargeable device that needs you to carry chargers around with you? Are you fed up with carrying different chargers around for your USB devices?

Introducing the new Dynamode **LMS01A-2U-2A**, a stylish and compact standard fit Car Charger adapter that fits conveniently into any Cigarette or 12 Volt Adapter Plug found in Cars, Mobile Homes, Generators and the like.

Ideal for charging a wealth of Battery technologies including the latest Li-Ion batteries, it will keep your GPS charged, allow untethered and complete Wireless access for your iPad™ or other Internet device and if required, can also charge separate emergency battery backup devices.

The **LMS01A-2U-2A** comes with two USB ports for dual device charger and operation, plus it comes with the higher 2 Amps output to charge higher powered devices such as iPad™ and the latest Sat Nav systems.

Featuring..

Compact in-Car charger Adapter with 2 USB charging Ports

Standard 12-Volt input and higher, 2 Amp Output for better charging

Ideal for iPad™, Sat Nav, Smartphone and other USB battery devices

Supports the latest Battery chemistries including Li-Ion

Adaptive electronics prevents device overcharging issues

Stylish design with cool operation

** separate USB charging cables may be needed for your specific device. Colour subject to change.*
