

# USB-ALL-INT

Multifunction 3.5" Internal Card Reader

## Front-side Memory & USB connection.

Introducing the latest internal 3.5" Drive Bay multifunction Memory Card reader with integral USB2.0 Port – the Dynamode **USB-ALL-INT**

Offering the flexibility of a full-time Memory Card Reader for Desktop and Server Computers, the **USB-ALL-INT** reads the latest Card Formats courtesy of its 5-slot Card Reader, including the popular CompactFlash I/II, SD/MMC, MemoryStick®/DUO, xD® and T-Flash. Also featured in this latest model is a single USB2.0 480Mbps Port for easy connection to Joysticks, Mice, Scanners and Cameras.

With easy internal connection to your existing Motherboard and full compliance with a variety of Operation Systems including Microsoft™ Windows XP and Vista®, the **USB-ALL-INT** is your ideal upgrade solution.

Also available in 4 or 6 slot external USB types.
