

# USB-HD3.5-ESF

*FireCaddy – FireWire2 & USB 2.0 Storage Caddie*

## Introduction

Dynamode is pleased to announce the latest in its proven family of external storage Caddies, the new *FireCaddy™*

The **USB-HD3.5-ESF** is probably one of the most advanced external Storage caddie on the market today. Featuring the very latest IEEE1394b (FireWire-2) interface to allow a maximum transfer speed of an incredible 800Mbps (cable included) – ideal for real-time Video editing, Server backup management or simply backing up your mixed media data quickly and efficiently.

But that's not all. Featuring the industry standard SATA and E-SATA Hard Disk interface, allows any compatible 3.5" Drive to be installed and used as an external storage device in minutes. Also included is an external E-SATA interface (cable included) to allow an additional Drive to be connected thus massively increase the storage potential of the *FireCaddy™*.

With a stylish cool and quiet design, built-in USB 2.0 interface with backward USB 1.1 capabilities the new USB-HD3.5-ESF is your only choice when it comes to the very latest in external storage caddies.

## Features

- SATA & E-SATA 3.5" Hard Disk Caddy
- Dual IEEE1394b (FireWire-2) Ports – 800Mbps
- Single USB2.0 (USB1.1 compliant) Port – 480Mbps
- External E-SATA interface Port for daisy chaining
- Oxford Semiconductor OXUF924DSB Chipset
- Configurable for E-SATA-to-SATA applications
- USB mass-storage class compliance
- Built-in ARM Processor for superior performance
- Cool and quiet operation with built-in HDU Fan
- Slim-line metal enclosure with external PSU
- Vertical or Horizontal mount kit; Full status LEDs
- Compatible with Windows®98/ME/2K/XP, MAC OS 8.6+
- 12Volt DC Supply – FireWire-2, USB 2.0 cables supplied
- Dimensions; 225mm (W) x 135mm (H) x 40mm (D) approx.
